What You Can Do	What You Can't Do
Print and use in your own classroom.	Copy, email it, or share it with others without permission.
Send home a copy with your own students' parents for home use.	Post it electronically on a website, wiki, or blog without my permission, even with a link back to the original.
Refer friends to my blog or digital store where you downloaded it so they can buy/download their own copy.	Claim this product or anything it contains as your own work.
Post a link back to the original download site on a wiki or blog.	Use any pictures or clip art from this product without permission outside of your own classroom.

Don't forget to leave feedback on this product on TPT or on the blog!

# COVID-19

I hear a lot about COVID-19.  
Sometimes it makes me feel nervous.

I need to remember what I know about COVID-19 so I feel better.

Sometimes COVID-19 is called the Coronavirus. It is a type of virus.

A virus is a tiny group of cells that makes people sick.

COVID-19 is not making kids sick,  
but it is making older people sick.

COVID-19 gives you a fever.

COVID-19 gives you a runny nose  
and a sore throat.

COVID-19 makes you cough a lot and can make it hard to breathe.

To keep everyone in the community safe, I need to help out.

I can help by washing my hands a lot and for at least 30 seconds.

I can help by coughing and sneezing in my elbow or in a tissue.

I can help by social distancing.  
That means keeping away from people  
when I am out in the community.

I can help to keep the virus from spreading so people don't get sick.

COVID-19 makes a lot of people nervous and that is okay.

Now that I know more about  
COVID-19, I feel much better.

What can happen to  
people who get  
COVID-19?

How can I help stop  
COVID-19 from making  
people sick?
