

USING CORE WORDS IN EVERYDAY ACTIVITIES

CREATE A COMIC STRIP

Tell stories in a visual way! Chose a character, talk about where the character is (location), discuss what happens in the comic (plot), request help with drawing, talk about how the characters are feeling and so much more! You don't have to create a whole comic book, just draw 2 or 3 scenes to create a story. You can do this low tech with pencils and paper or download one of these apps to create comics high tech:

RELEVANT FRINGE WORDS		colours and shapes, describing words (pretty, scary, funny), clothing words, body part words, characters names, people words, job/occupation words, animal names, place (location) words,

★ Remember, you don't need to find every word you are saying on the communication system, just focus on the **key** words. These are the most important words. You can still speak a 'full' sentence out loud, while pointing to symbols for the key words.

So you might say 'I like it', but just point to/press the 'like' symbol, until you feel confident to join 2 or 3 symbols together. ★
